Hi Rob,

I sent the information attached below to the partner agencies for review.

I think the next step will probably need to be a meeting or conference call with all parties, to finalize the list. I suggest the week of January 21st as a week to have this meeting, but requested comments the week before. In the meantime, you can prepare the draft QAPP for review too -- though we haven't completed our review of your proposal yet, I think we are close enough to move forward with the QAPP. Weather permitting, I'm hoping we can start this sampling event around the end of the month.

Please let me know your availability for a call/meeting the week of the 21st (note that the 21st is a holiday for us).

Thanks,
Stephanie

Subject: Fwd: SSP2

Stephanie:

Attached are the table and maps of the proposed SSP2 locations. We have identified for each of the proposed areas of sampling:

location/number

grab or core

DQO as the CPG understands it

EPA or CPG identified the data need

Let us know - how you would like to proceed.

Please contact Marcia or me with any questions or comments.

I will be on vacation starting today until Jan 2.

Happy Holidays

R/
Rob
